

## CLEAN COPY OF CLAIMS UNDER 37 CFR 1.121

Please amend the claims as follows. A clean copy of the amended claims in compliance with 37 C.F.R. 1.121 will be provided at the end of this Amendment.

A 1  
Sub C1

1. A method for providing aromatherapy to persons or animals within an ambient environment comprising directly applying a liquid composition to an inanimate surface to effect a household function selected from the group consisting of surface cleaning, surface shining, degreasing, cleansing, foreign matter removal, moisturizing, dish soaps, and ironing liquids, the liquid composition comprising an aromatherapeutic concentration of an aromatherapeutic essential oil of 0.1 to 20% by weight of the liquid composition, completing the household function, allowing the aromatherapeutic essential oil to remain within the ambient environment to effect aromatherapy on persons or animals within the ambient environment, the solvents in said liquid composition consisting essentially of materials selected from the group consisting of water and alcohols.

2. The method of claim 1 wherein the household function comprises cleaning of an inanimate surface.

A 2

3. The method of claim 1 wherein the household function is selected from the group consisting of wood cleaning, glass cleaning, ceramic cleaning, metal cleaning, [or] and composite cleaning.

4. The method of claim 1 wherein the essential oil is an antibacterial agent.

5. The method of claim 1 wherein the liquid composition is free of any antibacterial agents other than the essential oil or essential oil and alcohol.

6. The method of claim 2 wherein the liquid composition is free of any antibacterial agents other than the essential oil or essential oil and alcohol.

20. The method of claim 12 wherein the liquid composition comprises at least 0.2% by total weight as essential oil.

A 4  
Sub C Cont  
21. A household cleaning product for effecting aromatherapy to an ambient environment comprising a liquid composition comprising at least 0.2% by total weight of an antibacterial essential oil and a separate ingredient that effects a household function selected from the group consisting of surface cleaning, starching, polishing, and finishing.

22. A kit comprising different household products for effecting aromatherapy to an ambient environment, the kit containing at least three separate liquid household products, each household product comprising a liquid composition comprising at least 0.2% by total weight of an antibacterial essential oil and a separate ingredient that effects a household function selected from the group consisting of surface cleaning, starching, polishing, and finishing, the essential oil in each household product within the kit comprising at least one essential oil that is the same in each household product.

23. The kit of claim 22 wherein the at least one identical essential oil comprises Ylang Ylang.

24. The kit of claim 22 wherein the at least one identical essential oil comprises citrus mint.

25. The kit of claim 22 wherein the at least one identical essential oil comprises petuli oil.

A 5  
Sub C1 Cont  
26. A method for providing aromatherapy to persons within an ambient environment comprising directly applying a liquid composition to an inanimate surface to effect a household function selected from the group consisting of surface cleaning, surface shining, degreasing, cleansing, foreign matter removal, moisturizing, dish soaps, and ironing liquids, the liquid composition comprising only two liquid solvents and an aromatherapeutic concentration of an aromatherapeutic essential oil, completing the household function,
